

Md. Ramjan Ali

Quantity Surveyor

B. Sc. In Civil Engineering | Membership No. of IEB: M-41792

📞 Phone: +8801915958148 | ✉ mdramjanduet@gmail.com

🌐 www.linkedin.com/in/ramjan-ali-duet

📍 Address: Mirpur, Dhaka, Bangladesh

Professional Summary

Experienced Quantity Surveyor with 11 years in large-scale construction projects, including Dhaka Metro Rail (MRT Line-6). Specialized in quantity surveying for 6 years with expertise in Contract and commercial management. Proficient in handling Interim Payment Applications/Certificates (IPA/IPC), Variation orders and Price adjustments in line with FIDIC Conditions of Contract. Proven track record on the Dhaka MRT Line-6 project, including certification of payments exceeding BDT 34.7 billion and management of 300+ variation claims. Strong background in contractor management, procurement support, risk assessment, and coordination with stakeholder.

Core Competencies

- Quantity Surveying
- Contract Management
- Prepare BOQ & Rate Analysis
- Cost Estimation & Control
- Post-Contract Administration
- Interim Payment Certificates (IPCs)
- Variation Order Management
- Price Adjustment Calculation
- Negotiation and communication
- FIDIC & Contract Compliance

PROJECT EXPERIENCE SUMMARY

Project Name	Client	Contract Value	Duration	Role
Dhaka Mass Rapid Transit Development Project (MRT Line-6, CP03 & CP04)	DMTCL	BDT 42 Billion	Jan 2020 – Present	Quantity Surveyor
Dhaka Mass Rapid Transit Development Project (MRT Line-6, CP03 & CP04)	DMTCL	BDT 42 Billion	Mar 2018 – Dec 2019	Site Inspector (Civil)
Improvement of Jatrabari Intersection – Dhaka–Khulna Highway (N-8) to 4-Lane	RHD & HQ 24 Engineer Construction Brigade		Aug 2017 – Mar 2018	Bridge Engineer
Moghbazar–Mouchak Flyover	LGED	BDT 1.3 Billion	Jan 2015 – Jul 2017	Site Engineer (Civil)

Software Proficiency

- AutoCAD | MS Excel | Primavera P6 | Plan swift | ACONEX

Professional Experience & Key Responsibilities

Quantity Surveyor | From January 2020 – Present

Development Design Consultants Limited, Dhaka, Bangladesh

Project: Dhaka Mass Rapid Transit Development Project (MRT Line-6, CP03 & CP04)

Client: Dhaka Mass Transit Company Limited (DMTCL) | **Budget:** BDT 42 Billion

Key Responsibilities:

- Drawing & Document Review: Reviewed and interpreted project drawings, specifications, and scope of work for civil, structural, and architectural disciplines to ensure alignment with contract requirements.
- BOQ Preparation & Quantity Take-off: Prepared detailed Bill of Quantities (BOQ) and quantity take-offs for concrete, reinforcement steel, earthworks, and finishing works in accordance with design drawings and specifications.
- Evaluated contractor submissions including interim payment applications, ensuring accuracy, completeness, and compliance prior to certification
- Variation, Claims & Contractor Management: Identified and evaluated variations and claims, reviewed Contractor bills, and processed interim/final payment certificates ensuring compliance with contract conditions.
- Cost Estimation & Rate Analysis: Developed comprehensive cost estimates covering labour, materials, and equipment. Conducted rate analysis for new and non-standard items to ensure competitiveness and accuracy.
- Evaluate subcontractor quotations and prepare comparison sheets
- Cost Monitoring & Control: Monitored and controlled project costs, tracked financial variations, and issued periodic cost reports, implementing corrective measures where required.
- Value Engineering & Risk Management: Identified potential risks and proposed value engineering options for cost optimization without compromising quality or specifications.
- Coordination & Communication: Collaborated with engineering, procurement, and planning teams, supporting management during bid reviews, negotiations, and project handovers.
- Compliance: Ensured adherence to FIDIC guidelines, preambles, local regulations, and company policies in all cost and contract management activities.

Site Inspector | From March 2018 – December 2019

Development Design Consultants Limited, Dhaka, Bangladesh

Project: Dhaka Mass Rapid Transit Development Project (MRT Line-6, CP03 & CP04)

Client: Dhaka Mass Transit Company Limited (DMTCL) | **Budget:** BDT 42 Billion

Key Responsibilities:

- Supervised site activities like Pile, Pile Cap, Normal Pier, Portal Pier, Viaduct Segment erection, and post-tensioning work construction.
- Supervised metro station construction activity like concourse and platform level, architectural works, steel roof structure erection as per method statement and relevant specification standard.
- Conducted quality audits, reviewed method statements, and ensured project

- compliance ensuring strict adherence to Project Specifications and safety standards
- Conduct safety patrols, toolbox talks to meet the safety standard.
- Oversaw balanced cantilever bridge erection using precast segmental box girders.

Bridge Engineer | Aug 2017 – Mar 2018

Wahid Construction Ltd — Munshiganj, Dhaka, Bangladesh

Project: Improvement of Jatrabari Intersection (Including Ecuria-Babubazar link Road) to Pachchar-Banga Through Mawa Road of Dhaka-Khulna (N-8) Highway to 4 Lane with Separate Lane for Slow moving Vehicle Project.

Client: RHD & HQ 24 Engineer Construction Brigade

Key Responsibilities:

- Performed Project planning, Progress report, Work schedule, Coordinate with Client, Subcontractors, Suppliers to resolve on-site issues, Directed and led construction teams.
- Conducted sub-soil investigations and various pile load tests, Supervised Bored Pile, Pile Cap, Culvert, Site Development work as per design, drawing and specifications.
- Monitored and supervised day-to-day construction activities, ensuring compliance with project plans and specifications.
- Collaborated with Design teams, Shop Drawing review, Method Statements preparation
- Managed site operations and liaised with stakeholders.

Supervision of sub-structure work of various components like as-

- Sub-soil investigation: Standard Penetration Test up to 55 m depth both in land and river.
- Test Pile: Static Axial Compression Load Test (ASTM D 1143), Pile Dynamic Analysis, Pile integrity test performed in service pile.
- Service Pile: 1.2 m and 1.8 m diameter maximum 55 m depth cast in situ friction pile construction with Hydraulic Rotary Rig.
- Pier Head, Pier, Pile Cap: Rebar fabrication, formwork and support arrangements and concreting supervision

Site Engineer | Jan 2015 – Jul 2017

Toma Construction & Co. Ltd — Dhaka, Bangladesh

Project: Moghbazar-Mouchak Flyover

Client: Local Government Engineering Department (LGED) | **Budget:** BDT 1.3 Billion

Key Responsibilities:

- Prepared Daily Progress Reports and developed Work Schedules to ensure real-time tracking of project advancements.
- Supervised construction activities for Pre-cast I-Girder, Deck Slab, and Waffle Slab, abutment ensuring compliance with design, drawings, specifications and safety regulations
- Conducted post-tensioning operations of I-Girder and Box Girder as per design elongation and force, and duct Pipe Grouting, recess filling works.
- Directed erection of I-Girder ensuring accuracy with alignment.

- Maintain site documentation, inspection reports, and field measurement book of the executed works.
- Resolve on-site technical issues promptly without compromising quality.
- Supervised site work and ensured quality control.

Education

Bachelor of Science in Civil Engineering
Dhaka University of Engineering & Technology, 2010 – 2015
 CGPA: 3.28 out of 4.00

Diploma in Civil Engineering
Dhaka Polytechnic Institute, 2006 – 2010
 CGPA: 3.47 out of 4.00

Certifications

Sl no.	Course Name	Course Delivered By	Completion date	Duration
1	Construction Project Management	Planning Engineer FZE	8 February 2026	17.5 hours

CERTIFICATE OF APPRECIATION

DHAKA MASS RAPID TRANSIT DEVELOPMENT PROJECT, MRT LINE-6

This Certificate is Awarded to

Md. Ramjan Ali

Site Inspector

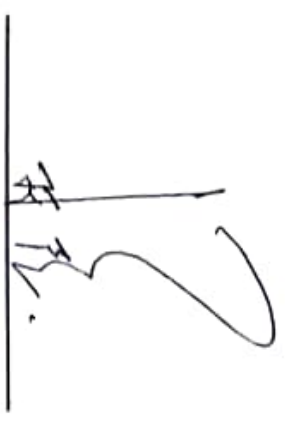

In Appreciation of Valuable Contribution to

Successful Commencement of Uttara North to Agargaon Section of

Dhaka MRT Line-6

Takayuki P. JITOHI
ACTING TEAM LEADER
NKDM Association, MRT Line-6

Riku HAYASHI
OFFICE ADMINISTRATION MANAGER
NKDM Association, MRT Line-6

TO WHOM IT MAY CONCERN

This is to certify that **Md. Ramjan Ali** National Id No. 19913913689000172 is working with Wahid Construction Ltd. under the project "Dhaka-Khulna (N8) Road Improvement Project" since 01 August 2017 to date in the position of Bridge Engineer.

He is responsible for site development work, piling work, pile static load test, pile integrity test, pile driving analysis (PDA) test, ultrasonic test, pile cap, pier column, pier cap, T-girder, box culvert, box underpass and other civil engineering activities.

He also assists Design Engineer and Deputy Project Manager to make shop drawings with reinforcement details and bar bending schedules.

He is a good employee and he has shown sincerity and hard work in completing all the responsibilities that are assigned to him.

We wish him success in his career.

For Wahid Construction Ltd.

Md. Saiful Islam Mia
B Sc Engg (Civil), BUJET, FIEB/8000
Project Manager

Dhaka-Khulna (N8) Road Improvement Project.
Contact: 01708123474, 01716045123

TO WHOM IT MAY CONCERN

Construction of **Moghbazar-Mouchak Combined Flyover Project** is to facilitate north-south traffic movement by increasing the traffic carrying capacity of Moghbazar, Mouchak, Santinagar, Malibagh road and Moghbazar, Malibag two rail intersections, Sat Rasta and FDC. The main objective of the project is to ease traffic congestion and ensure uninterrupted traffic at Moghbazar, Mouchak, Malibagh, Shantinagar and Tejgaon areas. The proposed flyover will connect those intersections. The total length of the Flyover will be about 8.7 km.

Mouchak Intersection (Package No. PDMMFP W05): A four lane single tier Flyover crossing Mouchak, Malibagh Railgate & Malibagh Intersection with second 2 lane tier over Mouchak & Malibagh Intersections. Banglamotor - Moghbazar - Mouchak interconnection portion (Package No. PDMMFP W06): This part connects Moghbazar and Mouchak Flyovers and is a 4-Lane single tier Flyover. This Flyover becomes a second level Flyover at Moghbazar intersection and the foundation of the flyover was 44m deep 1.8m dia pile.

Name of Contractor: MCCC (No.4)-SEL-UDC JV TCCL, Toma Tower, 77/1 Kakrail, Ramna, Dhaka-1000. Pot Bearing and Shock Transmission unit will be included in the flyover so that it can tolerate earthquake following advice of BUET experts. Australian firm SMEC International and its three local associates ACE Consultants Limited, SARM Associates Limited and Kranti Associates Limited were working as consultants to the project. Afterwards Spanish firm EPTISA Engineering in association with Desh Planning and Survey Consultants Ltd. are working as consultants to this project.

This is to certify that **Md. Ramjan Ali S/O Md. Doulatuzzaman** has been working as an **Assistant Bridge Engineer**, for the Project of **Moghbazar-Mouchak Combined Flyover Project**, Dhaka, Bangladesh since 1st April 2015 to 31st July on a full time (54 hours per week) basic.

During his tenure, here is responsible for:

1. Monitor and evaluate technical and institutional mechanisms for Project planning, management, and implementation.
2. Preparation and verification of reinforcement details, checklist and certify the executed work done.
3. Direct supervision, documentation and quality control of Pre-Cast Post-tensioned I-Girder casting, Post-tensioning/stressing, de-stressing, cable duct grouting, recess filling, erection and shifting of I-girder, casting of I-Girder & deck slab with cross girder etc.
4. Erection of precast segments by overhead launching girder, Gluing, Pre-stressing, grouting etc.
5. Installation of Pot cum PTFE bearing & Shock Transmission unit.
6. Casting of Friction slab, Approach ramp with RE wall, waffle slab, Crash barrier casting.
7. Construction and quality control of piling works, pile static load test, pile cap, pier and pier cap.
8. Familiar with the operation and safety of several modern construction equipment's like Hydraulic Rotary Drilling Rig, Launching Girder & Under slung for precast segment erection, Boom placer, Goliath Crane etc.

He has ability to develop, lead the team and ensured quality works to the satisfaction of the consultant & client. We further certify that **Md. Ramjan Ali** is maintaining his duties attentively. He is intelligent, hard-working, pious and possesses good communication skill. We would like to wish him all the best in his future endeavors.

For Toma Construction & Co. Ltd.

Md. Shariful Islam
Co-Ordinator (W-05)
Moghbazar-Mouchak Combined Flyover Project.
